CRUZIN' 2008

Labor Day Weekend – Winthrop Harbor

Cruising north after the party in Sturgeon Bay

This year the Racine Yacht Club is proud to offer all club members and friends the opportunity to participate in sail and power boat cruising. With your help we will make this the biggest and best year yet for cruising. The Cruising Fleet provides members a chance to explore the waters of the Great Lakes in the company of boaters with a broad spectrum of experience. For the veteran cruiser, there is the opportunity to hook up with others who are looking to expand horizons to any port on the Great Lakes. For those new to cruising, we plan shorter trips during the season that many veterans sign on for as well. This is an excellent opportunity to do some cruising in the company of others. We stay in radio contact during the trip, so a close watch can be kept on all vessels. After making port, a group party and dinner is the order of the evening. It is a great way to get to know people around the club and help those new to Cruising get started. For those who can't make the cruise by water all parties are open to those who decide to cruise by car.
